Reasons for and Benefits of the Amendments to the Equity Incentive Scheme

1. The proposed amendments to the Equity Incentive Scheme are necessary to ensure that the Scheme remains effective and efficient in the current market environment. The amendments are designed to address the following issues:

- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.

2. The proposed amendments to the Equity Incentive Scheme are necessary to ensure that the Scheme remains effective and efficient in the current market environment. The amendments are designed to address the following issues:

- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.

3. The proposed amendments to the Equity Incentive Scheme are necessary to ensure that the Scheme remains effective and efficient in the current market environment. The amendments are designed to address the following issues:

- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
- The current Scheme does not provide for the inclusion of new equity instruments, such as restricted stock units (RSUs), which are commonly used by companies to attract and retain talent.
